

Sustainability in the Making: Craft Programs for Eco-Social Change

Alessandra Fasoli

Information and consent for taking part in an art research
project for children between 8 and 15 years old

Hello! I'm Alex and I am a designer and illustrator.

I also am passionate about nature and the environment

I do this by
drawing people
while the make
things together...

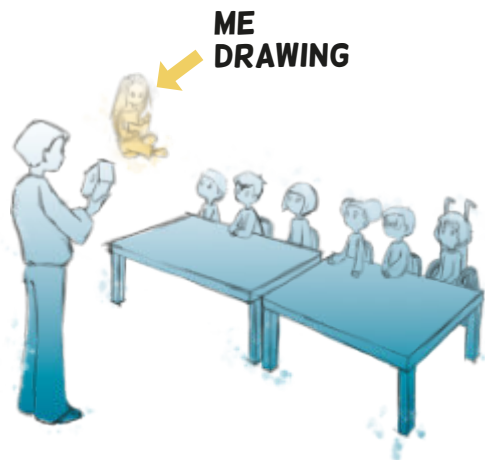

I am doing a special project called
"**Sustainability in the Making**" and I
study how people make things to help
the environment.

...and then I
speak with them
about what they
made.

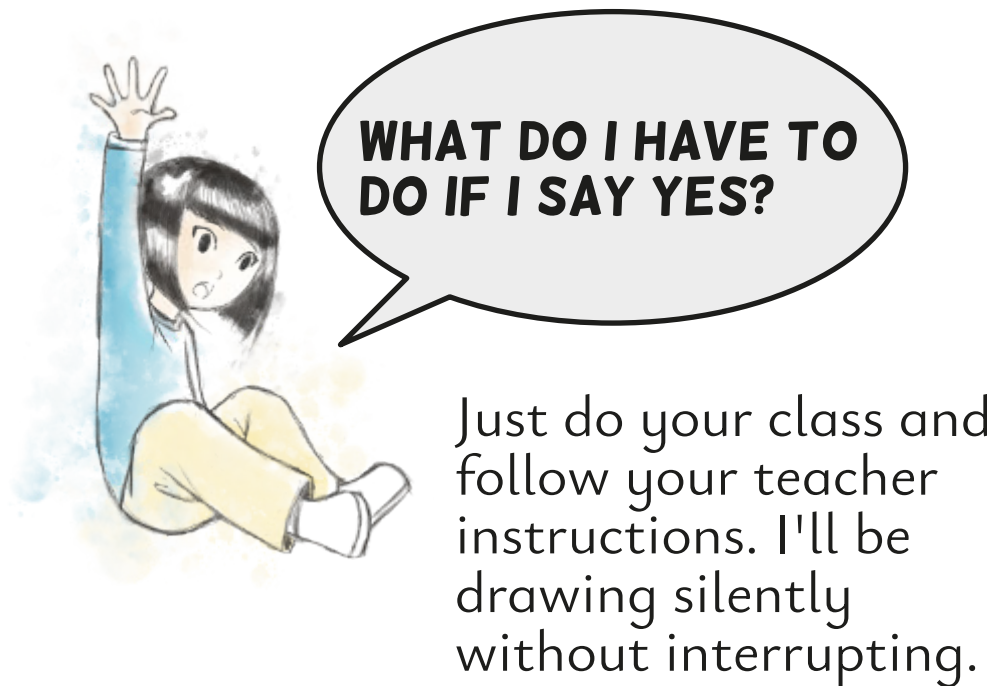

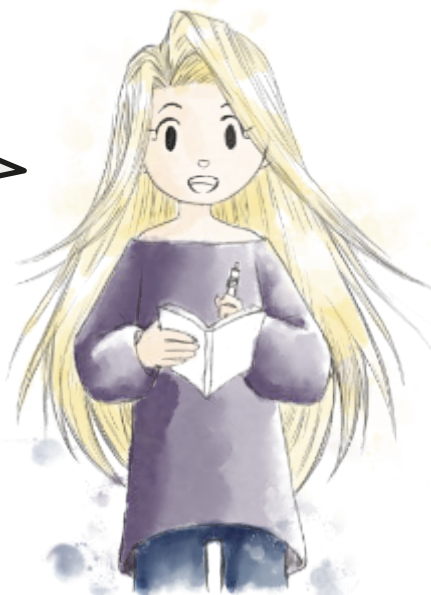

If you are between 8 and 15 years old and you are participating in a group or class making something you can help me with my project.

I will join your group and I will be drawing you and your friends while you are making.

At the end of the class, if you want, we can talk about what you made.

WOULD YOU LIKE TO HELP ME WITH MY PROJECT?

WHAT DO I HAVE TO DO IF I SAY YES?

Just do your class and follow your teacher instructions. I'll be drawing silently without interrupting.

DO I HAVE TO SAY YES TO TAKE PART IN THE CLASS?

No, you don't. You can do your class without helping me.

At the end of the class, if you want, we can have a chat and you can tell me all about your creation.

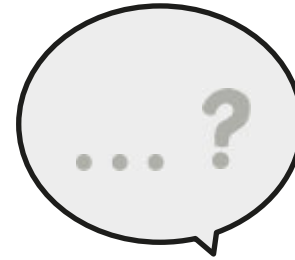

I will record our conversation.

I will start by asking your name: you can decide if you want to participate with your real name or you prefer to have a 'code name', which only you and I will know it's your name for the project.

I might ask some questions, like your age, what you know about the environment, or how you feel after the class.

But you don't have to answer if you don't want...

... And you can stop our chat at any moment.

Before you go, don't forget to take your little present: a little colouring book I made for you.

This is a little present from me to thank you for your help.

WHAT HAPPENS TO THE DRAWINGS YOU MADE?

The drawings I made during the class will be coloured and put together with other drawings I made of other people.

You can see them on the website

www.sustainabilityinthemaking.com

TO SEE MORE DRAWINGS SCAN THIS IMAGE WITH YOUR PHONE OR ASK AN ADULT TO DO IT FOR YOU

WHAT ABOUT THE THINGS I TOLD YOU?

Everything you told me and all information you gave me will be kept safe.

Your family and teacher know that you did this project.

WHY SHOULD I HELP YOU?

This project will help adults to better understand how children feel about their environment and what they want to do to help it.

This will allow us adults to help back children using their imagination to make the world a better place for them, animals, and plants.

Thank you again for showing interest in my project.

This is my email:

a.fasoli@kingston.ac.uk

You and your parents can always contact me for questions.

Please write to me within 20 days since our chat if you eventually decide not to be part of the study anymore.

Please write your name and surname only if you want to participate:

THIS SECTION IS FOR YOUR PARENT OR GUARDIAN OR TEACHER:

I consent for

Child's Name _____

Child's Surname _____

to participate in the research as explained in this document and I confirm I am legally entitled to give consent

Signature _____

Date _____

If you would like to receive a digital copy of the drawings of your child please leave your email:

- ☐ check this box if you want to be added to a mailing list to receive updates on the research.

Privacy and Data

All data are processed according to the UK GDPR and the Data Protection Act 2018. At the end of the research, all data collected will be appropriately archived and retained for minimum 10 years, at the end of which continued retention will be reviewed.

Kingston University's data protection policy governing the use of personal data by the University can be found on its website: <https://www.kingston.ac.uk/aboutkingstonuniversity/howtheuniversityworks/policiesandregulations/#information>.

If you wish to raise a complaint on how we have handled your personal data, you can contact our Data Protection Officer who will investigate the matter. If you are not satisfied with our response or believe we are processing your personal data in a way that is not lawful you can complain to the Information Commissioner's Office (ICO) (<https://ico.org.uk/>).
